**[kpace@spcapetsnap.org](mailto:kpace@spcapetsnap.org)**

SPCA PETS SNAP of Montgomery County passionately supports a community where animals are valued, treated with respect and kindness and provided a secure and loving quality of life. We are a non-profit all volunteer organization serving the citizens and animals of Montgomery County. To accomplish our mission we provide the following programs.

- **Save More Lives**

Rescue and rehabilitate homeless animals providing a safe haven for the animals until a suitable adoptive home is found or until they are reunited with their owner. Volunteer foster parents care for all of our animals in their homes. This allows us to keep overhead cost to a minimum and put all monies raised into the care of our animals. All of our animals are current on vaccinations and either spayed or neutered. In 2013 we added an Adoptable Cat Habitat inside Conroe Petco. This gained exposure for our rescue cats while also allowing them to shine in a setting that became like home to them after the first few days. Due to the success of this program cat adoptions tripled in 2013, doubled in 2014 and have increased every year including in 2020 when it was closed for half the year due to COVID.

- **Humane Education and Public Awareness**

Further the cause of responsible animal ownership, the great need to reduce the pet population by spaying or neutering their pets, dog bite prevention training and encouraging a stronger bond between people and their pets. We offer a range of age-appropriate activities for children from 1<sup>st</sup> grade through 12<sup>th</sup> grade, with in-school animal welfare lessons and discussions. We also take our program on the road to birthday parties and community events. All of our Humane Education programs are offered as a free service to the community, so that children can access quality, age-appropriate humane education regardless of their economic status. Our programs are engaging, hands-on and easily adaptable, so that we can provide services to a wide and diverse range of children, including those with physical and mental disabilities.

- **Last Litter**

Provide low cost spay/neuter services for the people unable to afford to spay or neuter their pets. Puppies from owner turn-ins are only accepted into our program if the owner allows us to have the mom spayed and we will cover up to 100% of the cost if they cannot afford it. Provide a limited number of TNR's for our community feral cats that have a caregiver in place to provide ongoing support so the population does not continue to grow in that colony. We have tripled this program since 2013. There is no logical reason for a pet overpopulation problem – there are free and low cost spay/neuter clinics, yet Montgomery County euthanizes approximately 2000 animals every month. This is a tragedy and can be rectified easily when people learn how to be responsible pet owners.

Each year we have a major fundraiser Pooches and Patriots Luncheon & Fashion Show event. It is a luncheon with a fashion show and the models are members of another local nonprofit that help our communities first responders or military along with some of our rescue pets that are looking for a loving forever home. We are asking local businesses to help us by becoming a Sponsor/Underwriter of our Event. Please take this opportunity to review the sponsorship and underwriter opportunities that are outlined on the next page.

**Great Dane: \$2500.00 or more.** This level comes with 6 tickets to the event. There will be a sign on the table with your business name. Your business name will be acknowledged twice at the event, listed in the program and your large logo displayed on the big screen during the event.
